Cate Gvon

Assistive Technology & Human-Computer Interaction (HCI) Researcher
gvon@ucla.edu | (818) 825-1357
11361 Bunche Hall, Los Angeles, CA

Education

Master of Library and Information Science (MLIS), UCLA

Expected June 2027

Concentration: Informatics

Relevant Coursework: Computational Communication, User Experience Design, Digital Asset Management, Medical Information Infrastructures and Internet Technologies (forthcoming)

Bachelor of Arts, Russian Studies, History and Asian Languages, UCLA

2019 - 2023

Graduated summa cum laude (GPA 4.0) with departmental honors, College honors, Dean's honors and Latin honors

Employment

Data Intern, National Center for Data Services (NCDS), US National Library of Medicine (NLM)

June 2026 - August 2026 (Part-Time)

Creating workflows for moving datasets from University of Michigan's Deep Blue Documents institutional repository to Deep Blue Data institutional repository

Graduate Researcher, UCLA Disabilities and Computing Program and UCLA Office of Advanced Research Computing

April 2026 - current (Part-Time)

Developing information infrastructure and data protocols for study, including developing data management plan, drafting IRB documentation, and establishing data collection protocols

Training and supervising undergraduate research assistants on VR-based lab protocols, including participant instruction and accessible communication

Program Coordinator, UCLA Center for European and Russian Studies

September 2019 - current (Full-Time)

Program management and overseeing research center operations through administering grant and fellowship programs and coordinating public programming

Research

Disability & VR Lab, UCLA Office of Advanced Research Computing
2026 - current

Ongoing study investigating VR learning tools for usability, learning outcomes, and accessibility, employing qualitative methods to evaluate user experience for users with and without disabilities and identifying barriers to inclusive design

Master's Thesis Research, UCLA Department of Information Studies
2025 - current

Presentations

"Migrating digital research data across University of Michigan's Deep Blue repositories" at Southeast Data Librarian Symposium 2026
October 16, 2026 (Virtual)

"Anonymity as the Illusion of Privacy: Mapping Data Flows, Consent and User Safety in Flo's Menstrual and Pregnancy Tracker" at Policy & Internet 2026
October 1, 2026 (University of Sydney)

"Is this normal? How pregnancy tracking apps construct and reward a heteronormative, ableist model of fetal development and maternal health" at Disability Studies and Advocacy in Los Angeles Conference: DSALA & Habitable Worlds
March 28, 2026 (Loyola Marymount University)

Service

Voting Member, UCLA Committee on Disability (UCOD)
April 2025 - current

Participating on advisory committee tasked with identifying and proposing solutions to issues of disability, accessibility, and accommodations across campus

Library Volunteer, Braille Institute Library
December 2024 - June 2025

Supporting outreach initiatives at a specialized library for blind and low vision patrons

Inclusive Excellence Committee Member, UCLA International Institute
February 2026 - current

Organizing departmental initiatives and events to promote inclusive programming, learning and teaching, Spearheading development of internal best accessibility practices document and accessibility staff training for Fall 2026

Justice, Equity, Diversity, and Inclusivity (JEDI) Board Undergraduate Representative, UCSB Germanic and Slavic Studies Department
March 2020 - June 2020

Representing undergraduate student body on matters related to inclusivity and equity

in conversation with faculty and staff

Awards and Memberships

ASIS&T Tuition Scholarship, ASIS&T
2025 - 2026

Marjorie S. Mardellis Fellow for Foreign Language Proficiency, American Library Association
2025 - 2026

Kaleidoscope Program Scholarship, Association of Research Libraries
2025 - 2027

Member, Medical Library Group of Southern California and Arizona
2026

Skills

Front-End: HTML, CSS

Design: Figma, Canva, Adobe Creative Cloud

Accessibility: WCAG 2.1, NVDA, WAVE

Language: English, Russian (full professional proficiency)
